

Respiration Arm

flexible and functional

Respiration Arm,

with swinging head and universal clamp
50 mm wide / 50 mm span,
length: 100 cm,

with single tube holder
with twin tube holder
with twin tube holder plate
with safety lock (see photo)

Ref. No. 70-353-01
Ref. No. 70-353-02

Ref. No. 70-353-33

ditto, but length: 120 cm,

with single tube holder
with twin tube holder
with twin tube holder plate
with safety lock

Ref. No. 70-653-01
Ref. No. 70-653-02

Ref. No. 70-653-33

VBM Support Arms with three joints

- *Structure of the VBM Ref. No. -*

- easy and quick handling
- adjustable in any desired position
- solid and long lasting quality
- easy to clean

Type

70 = Support arm with 3 joints and one fixation knob

70

Length of support arm

Length

- 1 = Support arm, 30cm long
- 2 = Support arm, 50cm long
- 3 = Support arm, 100cm long
- 6 = Support arm, 120cm long

1

Anaesthetic Tube Holder

flexible and functional

Anaesthetic Tube Holder,

with tube holder plate and universal clamp
30 mm wide / 50 mm span,

length 30 cm
length 50 cm (*see photo*)

Ref. No. 70-131-04
Ref. No. 70-231-04

ditto, but with tube holder plate with safety lock,

length 30 cm
length 50 cm

Ref. No. 70-131-44
Ref. No. 70-231-44

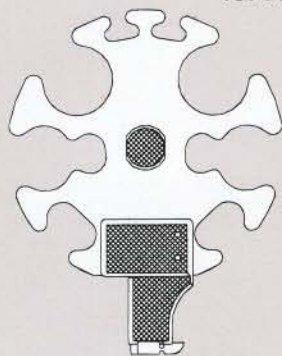

Anaesthetic Tube Holder

*with one joint and
new tube holder plate with safety lock*

Tube holder plate:

- for Respiration Tubing

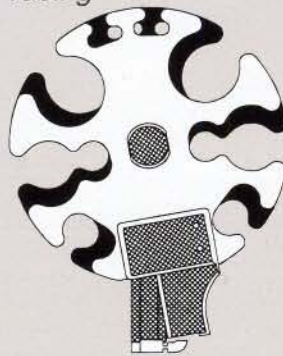

- open

ø 22 mm

ø 16 mm

ø 10 mm

- closed

Anaesthetic Tube Holder

adjustable in height

with one joint, flexible rod and new
tube holder plate with safety lock,
max. length: 62 cm

with universal rail clamp for
standard rail 25 x 10 mm (*see photo*)

with universal clamp with
50 mm max. span

with "quick lock"-rail clamp
for standard rail 25 x 10 mm

Ref. No.

Fixation Clamps

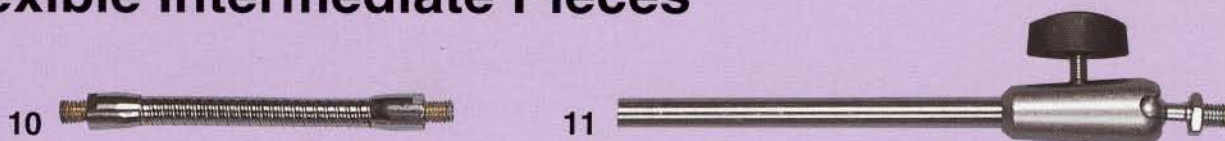

Fixation Clamps

	Ref. No.
1 = Universal Clamp, 30 x 50 mm, with M8 internal thread	79-030-00
2 = Universal Clamp, 30 x 50 mm, with hole ø 11 mm	79-039-00
3 = Universal Clamp, 50 x 50 mm, with M10 internal thread	79-050-00
4 = Universal Clamp, 50 x 50 mm, with hole ø 16 mm	79-059-00
5 = Universal Clamp, 50 x 70 mm, with M10 internal thread	79-070-00
6 = Universal Rail Clamp 25 x 10 mm, with M8 internal thread ditto, but with hole ø 11 mm (<i>without photo!</i>)	79-020-00 79-010-00
7 = Rail Clamp with Quick Lock 25 x 10 mm, with M8 internal thread ditto, but with hole ø 11 mm (<i>without photo!</i>)	79-060-00 79-040-00
8 = Dräger Rail Clamp 25 x 10 mm, with M8 internal thread	79-090-00
9 = Bennett-Adapter, swivelling, with M10 internal thread	79-099-00

Attachement Devices for Respiration Tubings

Flexible Intermediate Pieces

Extension Pieces for Support Arms with 3 Joints

Attachement Device for Respiration Tubings

1 = Universal Tube Holder Plate, <i>swivelling</i>	79-000-14
2 = Universal Tube Holder Plate, <i>with safety lock</i>	79-000-44
3 = Universal Tube Holder Plate	79-000-04
4 = Twin Tube Holder Plate, <i>with safety lock</i>	79-000-33
5 = Pediatric Tube Holder Plate	79-000-03
6 = Twin Tube Holder	79-000-02
7 = Single Tube Holder	79-000-01
8 = Clamping Piece for Transducer Plates	79-000-07
9 = Endoscope Holder	79-000-06

Flexible Intermediate Pieces

10 = Flexible Rod, 10 cm long	79-002-00
11 = Swinging head, 20 cm long	79-003-00

Extension Pieces for Support Arms with 3 Joints

(for extension or shortening between clamp and first joint)

12 = Extension Piece with M10 internal thread, 30 cm long	79-00-030
13 = Extension Piece with M10 internal thread, 14 cm long	79-00-014
14 = Extension Piece with M10 internal thread, 9 cm long	79-00-009

VBM Holder

for stop-cocks and pressure transducers

reusable, autoclavable up to 134°C

Stop-cock holder,
universal

Ref. No. 78-10-000

Standard holder
for pressure transducers
or stop-cocks

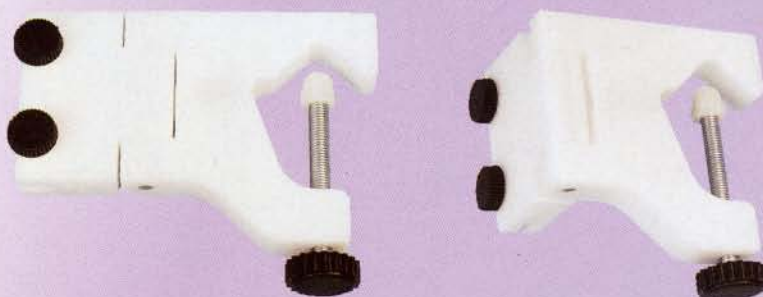

Ref. No. 78-20-000

Universal holder
for pressure transducers
or stop-cocks

*WITH ONE
FLEXIBLE JOINT*

Ref. No. 78-30-000

Universal holder
for pressure transducers
or stop-cocks

*WITH TWO
FLEXIBLE JOINTS*

Ref. No. 78-40-000

Pressure Transducer Plates

reusable, autoclavable up to 134°C

- suitable for MEDEX MX 860 pressure transducers
- fit to the VBM Holder for Pressure Transducers (see front page)
- fit to the VBM support arms with 3 joints

for 2 pressure
transducers
Ref. No. 79-000-52

for 3 pressure
transducers
Ref. No. 79-000-53

for 4 pressure
transducers
Ref. No. 79-000-54

Tube Arrangement Plate Holder

for 21 tubings in different diameters,
adjustable in height, length: 47 cm,
with flexible rod and universal clamp

Ref. No. 73-532-57

Tube Arrangement Plate, separate

- for 21 tubings with different diameters
- to connect to the Holder for Stop-Cocks and Pressure Transducer Plates

Ref. No. 79-000-55
